all finishes

Make it happen. With PPG

DELFLIET® F3913 High Performance UHS Clearcoat

One Clearcoat for all finishes

PPG has developed *Delfleet F3913*, a new High Performance UHS Clearcoat launched to fulfil the customer's needs and to optimise their efficiency.

F3913 is a high quality 2-pack UHS Clearcoat especially designed for the Commercial Transport market to provide outstanding gloss, final appearance and durability over either solventborne or waterborne basecoats.

This new *Delfleet* product has been specifically formulated to be flexible over large and irregular surfaces and it is the ideal solution for multi-stripping work. Repairers and builders will appreciate the new F3913, an easy to use UHS Clearcoat that delivers excellent finish with high sag resistance.

Delfleet F3913 High Performance UHS Clearcoat features and benefits >

Feature	Benefit
VOC less than 420 g/l	Conforms to all European VOC directives
Easy to use	Minimal Training Required
Ultra High solids	Material and Cost Saving
Outstanding application properties when used with HVLP or Low Pressure Compliant Sprayguns	Excellent appearance, gloss and flow direct from the gun
Excellent through drying and hardness	Good polishing characteristics even after baking
Can be used over solventborne and waterborne basecoats	One clearcoat required for all finishes
