

PRODUCT SPOTLIGHT SHEET

Bodyline BPRS4 Black Textured Coating

Black Textured Coating is a premium textured coating restoring the structure of repaired plastic surfaces. Choice of two nozzles to allow the applicator to achieve the desired effect from the same aerosol.

- Spot repair for all plastics
- Very durable finish
- Easy and quick to use
- 2 nozzles for a fine and coarse effect
- Suitable for interior and exterior

Bodyline aerosols are the ultimate method for the refinishing of small vehicle repairs.

They provide economical use of production time and manpower.

The surface must be clean, dry and dust-free. The texture and the effect is reached through the use of the different nozzles and the thickness of the coating. Spray a fine coat several times until the desired structure is reached.

Shake aerosol for at least two minutes, after agitator ball is free.

Depending on effect.

Overcoatable after 15-30 minutes

After use turn aerosol upside down and empty valve.
